MISSION STATEMENT:

Our mission is to provide quality skills training so that veterans have access to better employment opportunities and local business see sustained growth.

Retrain America understands that jobs requiring skill training are the backbone of our economy.

Every year over 400k military service men and women transition from military service into the civilian sector. Those transitioning veterans are entering into vast and ever-evolving economy. They have a vital need to secure employment, pursue education, specialized training and/or entrepreneurship.

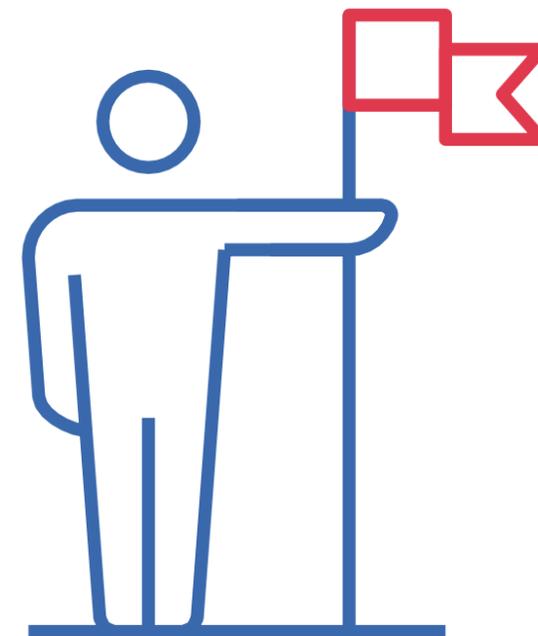

Retrain America plans to contribute through expert analysis, technical assistance, bro ad-based organizing, targeted advocacy, cutting-edge communications and by investing in innovative partnerships with industry education and workforce leaders.

Retrain America will bring added value change into urban and rural underprivileged communities by providing nontraditional tools such as e-learning, flex schedules for training and wraparound services to balance work and learning.

We combine the operations of our non-profit (Retrain America) with our for-profit (EDS Tech Training Sites, LLC) to provide quality world class workforce training.

MOTTO:

Retrain America promises to deliver workforce training and employment services by providing competitive solutions, connecting Veteran's and employers through a network of authorized job centers, community training centers and retraining sites.

BIO:

President of the Board: **Risheem Muhammad**

Risheem Muhammad was born and raised in the Historical African American neighborhood of Acres Home in Houston, Texas. He attended Booker T. Washington High School in north Houston, and upon graduating, he attended Grambling State University, Savannah State University and the University of Houston Downtown. After college, he served in the U.S. Air Force Logical Ops in 2000, shortly thereafter, in 2005 he worked with FEMA as a Contractor; and by 2009, Mr. Muhammad was hired both as an IT Manager for Houston ISD's Transportation Department and Lonestar Community College as an Adjunct instructor.

How did the mission for Homeless Veterans become the focus of Retrain America?

On December 16, 2013, Janelle Muhammad, Risheem Muhammad's wife, passed away from cancer and by 2014, Mr. Muhammad was a Homeless Veteran. His mission then and now, focuses on Housing, Education, and Workforce Development, as well as, Entrepreneurship.

Risheem has created a Career Pathway for Veterans and Small businesses alike, for example, Mr. Muhammad has founded Retrain America/EDS Tech Training Sites (known as REDS) in June of 2016; Which now offers Consulting, Engineering and Training Platforms for Urban and Rural Development Areas in Texas and throughout the U.S.

Executive Director: **Robert White, Ph.D., P.E.**

Robert White was born and raised in North Texas, graduated from Lewisville High School and joined the Corps of Cadets at Texas A&M University and went on to receive a Certificate in Leadership Development and Studies through the A&M School of Military Sciences. When the economy took a turn for the worst, Robert chose to pursue his Masters and Doctorate while working for TTI (now Texas A&M TTI).

In 2013, just before graduation, Robert married his wife, Bernadette. He has worked for TXDOT in the Houston District, Denton County in their Transportation and Engineering, and recently the Town of Argyle as their Public Works Director.

Robert started working with Retrain America when he noticed a growing down turn in general and skilled labor in the Texas markets.

Executive Director: **Jose Valdes, MPA**

Jose Valdes was born and raised in Houston, graduated from North Shores Senior High School and met his wife, Daryl at Stephen F. Austin University. Jose joined the FBI as an analyst after receiving his Master in Professional Accountancy. After 3 years in Washington D.C., Jose moved his family back to Houston.

Additionally, Jose, Army Veteran, renovates homes in the San Antonio- South Austin area and recently has been working in both Houston, El Paso, and other areas around North Texas.

Jose started working with Retrain America after developing a friendship with Risheem and a desire to work with good people on helping other Veterans and their families improve their lives.
